Nevada Department of Wildlife: Larry Gilbertson, Lee Turner, and Russ Woolstenhulme

Nevada Natural Heritage Program: Eric Miskow

Nevada Wildlife Action Plan

Natural Resources Conservation Service: Tim Viel

Nevada Department of Agriculture: Scott Marsh

DRAFT

ACKNOWLEDGMENTS

The Nevada WAP revision is the result of the hard work of numerous partners whose contributions range from technical input to text review, to physically drafting some portion of the strategy. This work is a team effort in every sense. The Nevada WAP team is indebted to many contributors, too numerous to name, but we want all to know that their efforts are deeply appreciated.

DRAFT

TABLE OF CONTENTS

EXECUTIVE SUMMARY 8

HOW TO USE THIS PLAN..... 10

2012 NV WAP Revision Structure 10

INTRODUCTION 11

Purpose and Scope 11

OVERVIEW OF NEVADA..... 15

Biophysical Regions & Major Habitat Types..... 15

Climate 15

Geology 17

Fish and Wildlife Resources 18

Land and Resource Management 19

Human Demographics and Impacts 22

APPROACH & METHODS 23

Organizational Structure..... 23

The Climate Change Challenge 23

APPROACH & METHODS: REVISING THE SPECIES OF CONSERVATION PRIORITY 26

APPROACH & METHODS: DEFINING NEVADA’S LANDSCAPE FOR WILDLIFE..... 28

APPROACH & METHODS: WILDLIFE EFFECTS ANALYSIS..... 32

Integration of Species and Habitat Analysis..... 32

Avian Responses 32

APPROACH & METHODS: CONSTRUCTING CONSERVATION STRATEGY 35

APPROACH & METHODS: REVISION AND REVIEW PROCESS 37

Species Vulnerability Assessment Expert Review..... 37

Climate Change Management Strategy Development..... 37

NEVADA’S WILDLIFE HERITAGE 38

Mammals..... 39

Birds 41

Reptiles..... 44

Fishes..... 46

Aquatic Invertebrates..... 48

Nevada Wildlife Action Plan

CHALLENGES IN WILDLIFE MANAGEMENT	50
Animal Disease.....	50
Energy Development	55
Direct Human Effects.....	57
Grazing	57
Invasive Species	58
Land Development	61
Military Activities	62
Mining	62
Timber Harvest.....	62
Water Management or Water Resources	63
Recreational Activities.....	64
Wild Horse & Burro	64
Wildland Fire.....	67
IDENTIFICATION OF SPECIES OF CONSERVATION PRIORITY	68
Climate Change Vulnerability Assessment.....	68
2012 Species of Conservation Priority Lists.....	70
Rationale for Adding New Species of Conservation Priority	72
DEFINING NEVADA’S LANDSCAPE FOR WILDLIFE	82
Key Habitats.....	84
Linking Nevada’s Species of Conservation Priority to 22 Key Habitats	84
The WAP Conservation Landscape and Focus Areas.....	85
CONSERVATION STRATEGIES FOR NEVADA’S 22 KEY HABITATS AND THEIR ASSOCIATED WILDLIFE.....	92
Intermountain Cold Desert Shrub	94
Mojave Warm Desert and Mixed Desert Shrub.....	102
Sagebrush	114
Lower Montane Woodlands and Chaparral	130
Intermountain Coniferous Forests and Woodlands.....	144
Sierra Coniferou Forests and Woodlands.....	157
Grasslands and Meadows	173
Aspen Woodland.....	184
Alpine and Tundra.....	197
Intermountain Rivers and Streams.....	205
Warm Desert Riparian	223
Springs and Springbrooks	239
Mesquite Bosques and Desert Washes.....	251
Marshes	260
Lakes and Reservoirs	276
Desert Playas and Ephemeral Pools	290
Sand Dunes and Badlands.....	300
Cliffs and Canyons	307
Caves and Mines	316
Developed Landscapes	323

Nevada Wildlife Action Plan

Agricultural Lands	330
Barren Landscapes	340
KEY PARTNERSHIPS AND IMPLEMENTATION MECHANISMS	346
National Scale Efforts	346
Site-specific Efforts within Nevada	355
Applying Conservation Action	359
CONSERVATION EDUCATION AND WATCHABLE WILDLIFE	380
Setting Conservation Objectives	382
WAP Wildlife Education Objectives	383
Watchable Wildlife WAP Objectives	384
Implementation	384
Setting Conservation Objectives	380
Effectiveness Monitoring	385
